CGI Songkran Festival 2018

Chulabhorn **G**raduate **I**nstitute celebrated the Songkran festival on April 3rd 2018 at the Auditorium, 2nd Floor, CGI Building. On the occasion of Songkran (or Thai traditional New Year), staffs and students paid respect to the senior administrators including senior faculty members by watering scented water on their hands. The administrators in return gave their blessing, wishing the youngsters good luck and prosperity. Not only this activity promoted unity and friendship among the institution community but also allowed students and staffs to enjoy the entertainment and social networking.

After the water blessing ceremony,
Professor Dr. Somsak Ruchirawat, the Rector, gave blessings to all staffs and students.

This year's Songkran Festival was under the theme "Dressing Thai" and students also performed Thai traditional dance. The Songkran Festival is a part of the Thai Cultural Project, whose mission is to preserve Thai culture and heritage and promote cultural appreciation.
