

## CGI Learning Center Bulletin

Volume 6, No.3-4

July-December, 2018

### Old Desk Calendars turned to Love is sharing for the Blinds

Foundation for the Blinds in Thailand under the Royal Patronage of Her Majesty Queen Sirikit, [www.blind.or.th](http://www.blind.or.th) “is the private organization, It is the first foundation giving supports to the disabled aiming to foster the blind by enhancing their knowledge, capabilities and experiences that are essential in their daily living without expected returns. The foundation has continually obtained the coordination and contribution from people who foresee the importance of giving opportunities to the blind money and supply donation, and other supports. These have brought hope and great opportunities for the blind to brighten their lives.”

CGI Learning Center initiated a project for helping the blinds to have more opportunity to read Braille books made from old used desk calendars. CGI Learning Center invites donors to give old calendars and used A4 hard papers in the month of February 2019. Old calendars and used papers will be turned into Braille books for Bangkok School for the Blinds as CGI Gift of “Love is sharing for the Blinds”.

### 2018 Training Round Up

By the end of the year, CGI Learning Center organized series of training on how to use subscribed databases efficiently.

We trained EndNote and Turnitin to students of Applied Biological Sciences, Chemical Biology, and Environmental Toxicology.

In 2018, we trained 59 students, by scheduling series of tutorials and students also called in to learn and hands-on for individual advice from library staff at their convenience.

# Reading Promotion

Readers get free books.  
Will people read more?

CGI Learning Center received nearly 100 books from friends of the library on several occasions.

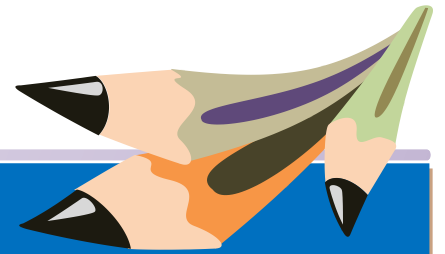

On CGI cultural events, in 2018 the library gave away about 500 free books that were donated and received permission from the donors to share to others to take home any books they like.
