

Announcement

2nd Qualifying Examination for Academic Year 2023 for Ph.D. Student in Chemical Sciences Program

GENERAL RULES (according to the student guidelines)

1. A Ph.D. student must take his/her Ph.D. qualifying examinations in his/ her fourth semester at the latest. Students who fail the qualifying examinations are asked to retake the exam. Students are eligible to take the qualifying examination only twice; those who fail will be dismissed from the doctoral program.
2. Ph.D. qualifying examinations are conducted entirely in English.
3. The qualifying examinations may include a written and/or oral exam.
4. Eligibility requirements for the qualifying examinations:
 - For Ph.D. students, they must follow the announcements set out by their respective Program Management Committee. (if required)
 - For Master's students who have transferred to a Ph.D. degree program,
 - (1) For plan A (1), students must have completed research work that can be further developed as a Ph.D. thesis. Additionally, they must have been approved by the respective Program Management Committee and have notified the Division of Academic Support.
 - (2) For plan A (2), students must have enrolled for at least 2 semesters and have completed not less than 12 credits of coursework with a cumulative GPA (i.e., GPAX) not less than 3.50 or must have been approved for eligibility by the Program Management Committee.
5. The time, dates, and venues of the qualifying examinations will be announced annually.

For Academic Year 2023: 2nd Qualifying Examination for Academic Year 2023 for Ph.D. Student in Chemical Sciences Program

Fundamental Course for Organic Chemistry

0402502 Spectroscopy for Chemical Sciences

PASS/FAIL CRITERIA

Scores from the fundamental and specialized examinations contribute equally to the final scores. A student must obtain at least 60% to pass the qualifying examinations. Should the student fail to attain 60%, the student must secure at least 40% to qualify for the subsequent oral examination. Those who fail to attain 40% will have to retake the examination, or if they fail after the re-examination, they will be dismissed from the Ph.D. program

EXAMINATION DATES

Date / Venue	Fundamental course for Organic Chemistry
25 th April, 2024 at Seminar Room 3, 3 rd Floor, Chulabhorn Graduate Institute Building	0402502 Spectroscopy for Chemical Sciences

Announced on April 3, 2024

Somsak Ruchirawat

(Prof. Emeritus Dr. Somsak Ruchirawat)
Rector of Chulabhorn Graduate Institute
